

Craig Zablocki Client Testimonials

"I must tell you that at the Macola Kick-Off meeting this week in Columbus that you were the equivalent and epitome of a grand-slam home run.

It was as if it was the 9th inning of the seventh game in the World Series. With calm and confident assuredness, you simply got up and delivered a message that resonated with the group.

The idea of having you as the keynote speaker was wonderful. But having you lead four sessions on Tuesday during the breakouts was a stroke of genius.

Many people told me that you awakened in them an understanding that they may never have had, or if they did, it had gone to sleep and you have brought it back. Even the photographer who was on site told me that he heard your presentation and it made him start thinking and realizing some new thoughts.

It's the first time in my 20 year career that I have ever seen one speaker have such a total and complete effect on an entire room of people in such a positive manner. You are an amazing and very skilled speaker at reading your audience, and that's a unique and special skill set that not everyone can claim. Kudos and well-done and all I can say is that I feel very lucky to have been in the right place at the right time and met you.
