“Your impact from our ASPIRE National Meeting is lasting! Your message resonated with so many and has fueled many to step forward and into their BOLD! ‘Get Gutsy’ is such an incredibly energizing tag and call to action! We thank you for bringing our Medtronic women and ASPIRE members that awesome energy, and permission to embrace their ‘gutsy’ and run with it! We have had many speakers, and I can tell you that what you brought stood out. Your authenticity, engagement and connection with the audience and your ‘real talk’ was truly a call to action.”

“Absolutely Love Love Love her! I have seen and heard and hired many speakers in my career and Vernice is more than a speaker. I have watched her recording four times now and still she kept me engaged, made me smile every time and made me really feel good. For her to be able to do that through a recording is a magic I have never experienced with any other speaker.”

“I can’t thank you enough for joining our Senior Leadership Forum and sharing your incredible energy with us! When I reflect on your messages – and there were so many great ones – what really stood out for me – especially given the past year – is ‘Acknowledge the obstacles - do not give them power.’ Pause, be curious and have the courage to overcome those obstacles, without letting them overtake you. It’s a clear, simple and relevant call to action as we continue to live in uncertain times. I was also impressed by your authenticity; despite being online, you created an experience that connected us all --- and left us inspired and motivated.”

– EVP & Chief People Officer, Element Fleet Management (VIRTUAL EVENT)

“You are engaging, thoughtful, funny and genuine. Immediately following our virtual session focused on how to actively transform a company, culture and country; C-level executives were raving about how they felt engaged the entire time and felt like they walked away with specific actionable items. The level of passion and customization of your message targeting their specific challenges and leadership level, were a pleasant surprise for many.”

"We have worked with many speakers over the years, and Vernice "FlyGirl" Armour is among the absolute best. She was more than efficient and capable, and truly exceeded our expectations, from the pre-event prep call, until she walked off the stage into an audience of freshly motivated and energized employees. She absorbed and addressed their challenges and concerns as if they were her own, and expertly incorporated an impressive command of our internal language, culture, and objectives. All while infusing bits of humor and contagious energy. She's on top of her game and industry trends and understands our current corporate climate as it parallels with leadership strategies. Her step-by-step breakthrough mentality model is relatable, and what is more, executable. And we're off to the races getting gutsy because of her. She gave my team permission to engage, and I'm excited and braced for a no limits 2018."
