

## Christine Cashen - Introduction

Could you use ideas for more energy? (tailored to speech)

Get ready...Our speaker is the

author of two award-winning books, is a *Certified*

*Speaking Professional* and was inducted into the

**Speaker Hall of Fame**. Not bad for a Michigan girl who

was raised in a town without a STOPlight!

She may look familiar to you... you may have seen her on

The Tonight Show with Jimmy Fallon.

She was in the 5<sup>th</sup> row of the audience on the left-hand

side.

When she isn't on the road, she is organizing a

neighborhood happy hour, stalking her kids on LIFE360,

or tearing up the golf course...literally.

Helping us stay inspired and less tired... please join me

in welcoming, speaker, author and speed limit violator...

**Christine Cashen!**
